Communication Plan:

Effective communication played a key role in the successful development of the **Credit Card Approval Prediction** project. The five-member team conducted regular meetings, shared progress updates, discussed issues, and incorporated feedback to ensure timely completion and smooth project execution.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Standup	Daily	Google Meet / WhatsApp	All 5 Team Members	Discuss daily tasks, assign responsibilities, and monitor project progress.
2	Progress Update	Weekly	Google Meet / Microsoft Teams	All 5 Team Members & Guide	Review completed work, discuss model performance, and plan upcoming tasks.
3	Issue / Bug Discussion	As Needed	WhatsApp / GitHub	Developers & Testing Members	Resolve coding issues, debugging, and improve application performance.
4	Stakeholder Review	Bi-Weekly	Presentation / Google Meet	Team Members & Project Guide	Demonstrate project progress, collect feedback, and implement suggestions.
5	Final Demo Rehearsal	Once	Classroom / Google Meet	All 5 Team Members	Practice the final presentation and ensure smooth project demonstration.

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Difficulty coordinating schedules of all five team members.	Fixed weekly meeting times and used WhatsApp for continuous communication.

2	Model prediction inconsistencies during testing.	Verified dataset preprocessing, retrained the model, and validated prediction accuracy.
3	Integration issues between Flask application and machine learning model.	Tested each module independently, corrected feature order, and successfully integrated the application with the trained model.
